1. Rolete textile MINI

RO Sistem robust pentru rolete de mici dimensiuni Pentru ferestrele mobile oscilo-batante nu uitati va rugam sa solicitati : "Fixare laterala cu guta" pentru ca roleta MINI sa ramana lipita de geam si atunci cand acesta este in pozitie batanta.

1. Rolete textile MINI

EN Robust for small blinds for tilt-turn windows mobile please do not forget to ask: "Fixing side with gout" for MINI shutters remain glued to glass when it is in tilt position.

2. Rolete textile STANDARD

RO Deja ferestrele sunt mai generoase si impun rolete mai mari care sa sustina cantitati mai mari de material. Este sistemul cel mai folosit de aceea a devenit Standard.

2. Rolete textile STANDARD

RO Already windows are large and require larger shutters to support larger amounts of material. The system is very widely used and that's why has become Standard.

3. Rolete textile CASETA si GHIDAJ

RO Va imaginati o roleta incapsulata intr-o caseta frumoasa de aluminiu alb sau maro, cu ghidaje tot de aluminiu aplicate pe bagheta geamului termopan astfel incat nici o raza de soare sa nu patrunda prin lateral si nici un alt detaliu constructiv sa nu ramana la vedere. PERFECTE

3. Rolete textile CASETA si GHIDAJ

RO Imagine a roller blind with a box embedded in a beautiful white or brown aluminum, with aluminum guides all applied on the glass rod so no sunshine does not penetrate through the side and no other constructive detail should not remain in view. PERFECT
